Generated by HitLight from the reviewed partial Kultūros centras Dusetų dailės galerija reconstruction. Venue sources are cited as facts; their original artwork remains private.

Symbols: HitLight-owned category artwork. No manufacturer model geometry or original source pages included.

Fixture positions follow the venue’s published lighting plot; the currently installed rig is not verified.

The plot gives no full scale or trim heights, so scale and heights are estimated.

44 records display 40 approximate public catalogue housings or labelled donors and 4 visual fallbacks. 6 display references use newly authored generic flood/PAR class housings. These do not identify installed products or verify wattage, optics, native DMX, dimming, rigging or hardware. Original source, geometry, mode, patch and output-exclusion qualifications remain.

Approximate planning view; not official venue paperwork or output-ready. Original HitLight symbols only; no source pages, OEM meshes, photos or logos. Original files remain private; modes and patch unverified.
