Symbols: HitLight-owned category artwork. No manufacturer model geometry or original source pages included.

Fixture classes/models and modes include clearly labelled visual estimates. Generic bodies represent unknown source products; manufacturer identity, wattage and optics are not asserted by those selections.

Stage dimensions, hanging heights, mounts and focus are approximate; the patch remains unverified. This is a partial visual reconstruction, not a control-ready installation.

Original source dates do not establish current physical presence or a complete venue census.

45 source-based records in this scenario display 35 approximate public catalogue housings and 10 labelled visual fallbacks. 12 existing display references now use their available approved bodies. Source identities, labelled donors, modes, patch and output exclusions remain unchanged; current installation and optics are unverified.

Partial planning view; modes and patch unverified; output excluded.
