GENERAL NOTES

1. Source-based lighting plan. Confirm the current rig with the venue.
2. PARTIAL: included fixtures are not a full physical-unit census.
3. DMX PATCH WITHHELD: provisional or unchecked addresses are not published.
4. 65 individually plotted assemblies from the cited source configuration; partial reconstruction, not a complete current venue census.
5. Scale, height, support and body-envelope assumptions are approximate. Current equipment, source freshness and physical rigging have not been verified.

VENUE & DRAWING SOURCES

Gasometer – Kungliga Operan

Scenen · Published reference (rig unverified)

Stockholm, SE

https://www.kungligaoperanteknik.com/gasometer

Sources checked 2026-10-19

Generated by HitLight from the saved published venue rig. Source attribution and reconstruction limitations are retained below.

Symbols: HitLight-owned category artwork. No manufacturer model geometry or original source pages included.

65 individually plotted assemblies from the cited source configuration; partial reconstruction, not a complete current venue census.

Scale, height, support and body-envelope assumptions are approximate. Current equipment, source freshness and physical rigging have not been verified.

All fixtures are disabled and have no DMX allocation. Selected display modes do not establish the installed personality, circuit, universe or address.

Public 3D preview uses approximate category symbols. Editable copies retain labelled visual-only fixtures; this page grants no reuse rights to original drawings or manufacturer models.

Only the 65 plotted LX1–5 units are captured. Other source groups and stock remain outside this subset.

61 exact-family bodies, 4 inferred-family bodies and 0 labelled substitutes; source identities and display models remain distinct.

Housing update: 30 Robe Lighting Arianne 6 positions now use the reviewed model-specific catalogue body. Arianne6 is a static visual housing with nineteen lens faces; complex motor/ScreenPix control preview remains unresolved.
