GENERAL NOTES

1. Source-based lighting plan. Confirm the current rig with the venue.
2. PARTIAL: included fixtures are not a full physical-unit census.
3. DMX PATCH WITHHELD: provisional or unchecked addresses are not published.
4. Approximate planning view; not official venue paperwork or output-ready. Original HitLight symbols only; no source pages, OEM meshes, photos or logos. Original files remain private; modes and patch unverified.

VALIDATION APPENDIX

WARNING · PATCH_WITHHELD

DMX patch facts are withheld pending source verification. This planning document cannot be used for hardware output.

Objects: — · Remediation: review the source facts and regenerate.

WARNING · MODE_UNVERIFIED

DMX modes are unverified; output remains excluded.

Objects: F001–F056 · Remediation: review the source facts and regenerate.

WARNING · FIXTURE_DISABLED

Fixtures are disabled for this visual planning reconstruction.

Objects: F001–F056 · Remediation: review the source facts and regenerate.

WARNING · TITLE_METADATA_INCOMPLETE

Some professional title-block metadata is missing; the document will show an em dash.

Objects: 2f728fa61012d4f933903ce7 · Remediation: review the source facts and regenerate.

VENUE & DRAWING SOURCES

DRU industriepark

Popzaal · Published house plot

Ulft, NL

https://www.dru-industriepark.nl/

Sources checked 2026-11-03

Generated by HitLight from the reviewed partial DRU industriepark reconstruction. Venue sources are cited as facts; their original artwork remains private.

Symbols: HitLight-owned category artwork. No manufacturer model geometry or original source pages included.

Partial reconstruction from the venue’s lighting documentation; the currently installed rig and its complete fixture census are not verified.

ESTIMATED GEOMETRY: the documents give no complete scale or trim heights, so the stage size, fixture positions in metres and hanging heights are best-guess estimates, not measurements.

56 source-labelled fixture records retain unconfirmed exact installed identities or modes; printed source names and labelled display substitutions remain unchanged.

Modes and DMX addresses are unverified best guesses; check them with the venue before driving real fixtures.

56 source-based records in this scenario display 26 approximate public catalogue housings or labelled donors and 30 labelled visual fallbacks. 8 MAC Quantum Profile display pins now use original public housings. Source identities, modes, patch and output exclusions remain qualified; geometry and optics are not hardware-verified.

Approximate planning view; not official venue paperwork or output-ready. Original HitLight symbols only; no source pages, OEM meshes, photos or logos. Original files remain private; modes and patch unverified.
