Sources checked 2026-10-19

Generated by HitLight from the reviewed partial Ampere reconstruction. Venue sources are cited as facts; their original artwork remains private.

Symbols: HitLight-owned category artwork. No manufacturer model geometry or original source pages included.

Fixture positions follow the venue’s published lighting plot; the currently installed rig is not verified.

The plot gives no full scale or trim heights, so scale and heights are estimated.

Catalogue identities corrected in place; installed modes, patch, geometry and source currency remain unverified.

Exact available catalogue display bodies are restored through verified immutable references. Fixture identities, installed modes, patch and output verification are unchanged; original source qualifications remain authoritative.

8 additional explicitly source-labelled Martin RUSH MH-6 Wash body-only records use the existing original public HitLight housing. Printed model text/sourceModel retained with explicit VISUAL SUBSTITUTE prefixes; fixture IDs and null modes, disabled/unpatched output, existing control pins and exact layouts/mounts retained. Installed personality and source geometry remain unverified; body details are estimated. No hardware, photometric or rigging acceptance.

Approximate planning view; not official venue paperwork or output-ready. Original HitLight symbols only; no source pages, OEM meshes, photos or logos. Original files remain private; modes and patch unverified.
