GENERAL NOTES

1. Source-based lighting plan. Confirm the current rig with the venue.
2. PARTIAL: included fixtures are not a full physical-unit census.
3. DMX PATCH WITHHELD: provisional or unchecked addresses are not published.
4. Approximate planning view; not official venue paperwork or output-ready. Original HitLight symbols only; no source pages, OEM meshes, photos or logos. Original files remain private; modes and patch unverified.

VENUE & DRAWING SOURCES

Kent State Tuscarawas Performing Arts Center

Main room · House rig

New Philadelphia, OH, US

https://www.kent.edu/tusc/performing-arts-center

Sources checked 2026-11-03

Generated by HitLight from the reviewed partial Kent State Tuscarawas Performing Arts Center reconstruction. Venue sources are cited as facts; their original artwork remains private.

Symbols: HitLight-owned category artwork. No manufacturer model geometry or original source pages included.

Fixture positions follow the venue’s published lighting plot; the currently installed rig is not verified.

181 source-based fixture records retain their original printed source identities. The current public view has 173 catalogue body references and 8 visual fallbacks. Installed modes and DMX patch are unverified; all original output exclusions remain.

Fixture heights are approximate; trim heights may differ from the drawing.

181 individually located housings from the September19,2024 plot. Eight three-cell strip housings count as eight fixtures; scrollers and circuit/address labels do not add units. Current installation is unverified.

173 positions use proper catalogue bodies or labelled donors. Eight unidentified8inch Fresnels use Colortran8 bodies; NarrowPAR lens accessories remain unverified. Eight unidentified legacy strips remain neutral.

Source electric offsets inform the rows. Grid scale, working trims, FOH/proscenium/box registrations, tier heights, focus and room geometry are estimates. This is a partial visual template.

All fixtures are excluded from output. Physical rigging, patch and control remain unverified.

Existing Colortran 8-inch Fresnel / Source Four PAR references now use newly authored approximate public housings. Body details, lens shape and manual bracket pose are estimates. Native controls, fixtures and layout are unchanged. Other-make and unidentified source fixtures using a labelled mechanical donor remain substitutes; this update does not identify installed models, optics or lamp ratings, or establish hardware, clearance or photometric acceptance.

Approximate planning view; not official venue paperwork or output-ready. Original HitLight symbols only; no source pages, OEM meshes, photos or logos. Original files remain private; modes and patch unverified.
