# GENERAL NOTES

1. Source-based lighting plan. Confirm the current rig with the venue.
2. PARTIAL: included fixtures are not a full physical-unit census.
3. DMX PATCH WITHHELD: provisional or unchecked addresses are not published.
4. Approximate planning view; not official venue paperwork or output-ready. Original HitLight symbols only; no source pages, OEM meshes, photos or logos. Original files remain private; modes and patch unverified.

# VENUE & DRAWING SOURCES

Möysän Musaklubi – Mössö

Main club · Published house plot

Hämeenkatu 16, 15110 Lahti, Lahti, FI

https://moysa.fi/venue-info/

Sources checked 2026-11-03

Generated by HitLight from the reviewed partial Möysän Musaklubi – Mössö reconstruction. Venue sources are cited as facts; their original artwork remains private.

Symbols: HitLight-owned category artwork. No manufacturer model geometry or original source pages included.

Partial source-based planning reconstruction; the current installation and complete fixture census are unverified.

Scale, dimensions and hanging heights may be estimated; this view is not a physical rigging specification.

2 existing fixture records use source-matched catalogue bodies with reviewed public model approval. Missing bodies remain labelled visual markers. Installed modes and DMX patch are unverified; repaired fixtures remain excluded from output.

Partial reconstruction from the venue’s lighting documentation; the currently installed rig and its complete fixture census are not verified.

ESTIMATED GEOMETRY: the documents give no complete scale or trim heights, so the stage size, fixture positions in metres and hanging heights are best-guess estimates, not measurements.

15 of 43 source-labelled fixture records retain unconfirmed exact installed identities or modes; original printed names and display substitutions remain qualified.

Modes and DMX addresses are unverified best guesses; check them with the venue before driving real fixtures.

43 records display 36 approximate public catalogue housings or labelled donors and 7 visual fallbacks. 10 display references use newly authored generic flood/PAR class housings. These do not identify installed products or verify wattage, optics, native DMX, dimming, rigging or hardware. Original source, geometry, mode, patch and output-exclusion qualifications remain.

Approximate planning view; not official venue paperwork or output-ready. Original HitLight symbols only; no source pages, OEM meshes, photos or logos. Original files remain private; modes and patch unverified.

Fixture plot original; visually inspected page(s) 1. Freshness and reuse rights unconfirmed.:
