Generated by HitLight from the reviewed partial Cal State LA State Playhouse Theatre reconstruction. Venue sources are cited as facts; their original artwork remains private.

Symbols: HitLight-owned category artwork. No manufacturer model geometry or original source pages included.

Fixture positions follow the venue’s published lighting plot; the currently installed rig is not verified.

Fixture heights are approximate; trim heights may differ from the drawing.

Partial source-based planning reconstruction; the current installation and complete fixture census are unverified.

Source-matched catalogue bodies are shown where available. Unresolved source identities remain labelled visual markers. Installed modes and DMX patch require verification; visual-only fixtures remain excluded from output.

158 source-based fixture records currently display 158 public catalogue housings and 0 visual fallbacks. Original source identities, modes, patch and output exclusions are unchanged.

Nine source-labelled Altman six-inch 750W Fresnels retain explicit Colortran 6 housing substitutes. Fifteen Altman SS-Cyc100 positions retain explicitly labelled approximate Spectra Cyc200 donor housings, now publicly available. This does not identify the installed SS-Cyc100 body or verify its optics/mode; an exact SS-Cyc100 body is still required.

Existing Colortran 6-inch/8-inch Fresnel / Source Four PAR references now use newly authored approximate public housings. Body details, lens shape and manual bracket pose are estimates. Native controls, fixtures and layout are unchanged. Other-make and unidentified source fixtures using a labelled mechanical donor remain substitutes; this update does not identify installed models, optics or lamp ratings, or establish hardware, clearance or photometric acceptance.

158 records display 158 approximate public catalogue housings or labelled donors and 0 visual fallbacks. 15 Spectra Cyc 200 bodies now have verified original-work public permission; geometry and native profiles are unchanged. Hardware revision, optics and accessories remain approximate.
