Symbols: HitLight-owned category artwork. No manufacturer model geometry or original source pages included.

Fixture positions follow the venue’s published lighting plot; the currently installed rig is not verified.

The plot gives no full scale or trim heights, so scale and heights are estimated.

Partial source-based planning reconstruction; the current installation and complete fixture census are unverified.

Source-matched catalogue bodies are shown where available. Unresolved source identities remain labelled visual markers. Installed modes and DMX patch require verification; visual-only fixtures remain excluded from output.

163 source-based fixture records currently display 163 public catalogue housings and 0 visual fallbacks. Original source identities, modes, patch and output exclusions are unchanged.

Existing Source Four PAR / Colortran Fresnel profile references now display newly authored approximate public housings. Existing source identities and any other-maker mechanical substitutes remain labelled; installed optics, modes and patch are not verified.
