GENERAL NOTES

1. Source-based lighting plan. Confirm the current rig with the venue.
2. PARTIAL: included fixtures are not a full physical-unit census.
3. DMX PATCH WITHHELD: provisional or unchecked addresses are not published.
4. Partial reconstruction of dated source plots. Source dates do not establish current physical presence or a complete venue census.
5. Source-matched catalogue bodies are shown where available. Unresolved products retain labelled visual markers or explicitly inferred/substitute bodies; generic bodies do not establish manufacturer identity, wattage or optics.

Generated by HitLight from the saved published venue rig. Source attribution and reconstruction limitations are retained below.

Symbols: HitLight-owned category artwork. No manufacturer model geometry or original source pages included.

35 plotted fixture records: see the current legend and fixture schedule for fixture coverage. All output excluded; current physical presence and installed modes/patch remain unverified.

Fixture classes/models and modes include clearly labelled visual estimates. Generic bodies represent unknown source products; manufacturer identity, wattage and optics are not asserted by those selections.

Stage dimensions, hanging heights, mounts and focus are approximate; the patch remains unverified. This is a partial visual reconstruction, not a control-ready installation.

Original source dates do not establish current physical presence or a complete venue census.

Catalogue identities corrected in place; installed modes, patch, geometry and source currency remain unverified.

Partial source-based planning reconstruction; the current installation and complete fixture census are unverified.

Scale, dimensions and hanging heights may be estimated; this view is not a physical rigging specification.

Source-matched catalogue bodies are shown where available. Unresolved source identities remain labelled visual markers. Installed modes and DMX patch require verification; visual-only fixtures remain excluded from output.

Exact available catalogue display bodies are restored through verified immutable references. Fixture identities, installed modes, patch and output verification are unchanged; original source qualifications remain authoritative.

VENUE & DRAWING SOURCES

Partial reconstruction of dated source plots. Source dates do not establish current physical presence or a complete venue census.

Source-matched catalogue bodies are shown where available. Unresolved products retain labelled visual markers or explicitly inferred/substitute bodies; generic bodies do not establish manufacturer identity, wattage or optics.

Catalogue identities were corrected in place. Exact unresolved fixture variants and body details, installed modes and DMX patch remain unverified.

Output remains excluded for visual-only fixtures. Catalogue identity does not verify installed modes, addresses, patch or the current installation.

Room/stage dimensions, scale, hanging heights, mounts and focus may be estimated. This is not a measured rig or physical rigging specification.

Generated from the saved published HitLight layout, preserving fixture positions and room geometry. Not an official venue drawing or a control-ready installation.

35 plotted fixture records: original source classifications contain 4 source-matched catalogue identities and 31 labelled visual placeholders/substitutes. Improved catalogue display bodies do not confirm unresolved installed identities; all output remains excluded.
